

Capital Gearing Portfolio Fund - GBP Class P Shares; ISIN: IE00BG5Q6F12

Capital Gearing Portfolio Fund a sub-fund of CG Portfolio Fund ICAV

The Management company of the Fund is Bridge Fund Management Limited.

Objectives and Investment Policy

The investment objective of the Fund is to achieve long term capital growth in absolute terms. The Fund is actively managed and is not actively managed in reference to a benchmark.

Overall asset allocation between closed ended investment trusts and investment companies, government bonds, corporate bonds (both fixed and floating rate) and cash reflects an assessment of long term value, risk and liquidity. The asset allocation of the Fund is expected to be approximately 30% in ordinary shares of investment trusts and investment companies whose underlying exposure would be global and UK equity markets, real estate, infrastructure, commodities and precious metals.

The Fund will also use exchange traded Funds, warrants and convertible loan stocks and bonds to gain exposure to these assets.

The Investment Manager will limit the use of derivative instruments to convertible bonds and warrants.

The Fund may not be suitable for any investor who requires their money within three years.

The minimum investment in the Fund is £100,000.

A dividend will be paid annually if there is income in the Fund.

Shareholders of the Fund may request that Shares in the Fund be redeemed on any Dealing Day by sending a written redemption request to be received by the Administrator on behalf of the Fund by 2pm on the Business Day prior to the Dealing Day on which the redemption is to take place, failing which the Fund may hold over redemption requests until the following Dealing Day and Shares in the Fund will be redeemed at the relevant Net Asset Value per Share.

More information on dealing may be obtained by calling the Fund administrator, Northern Trust on 00353 1 434 5098.

Risk and Reward Profile

Historical data may not be a reliable indication for the future.

The risk category is not guaranteed and may shift over time.

The lowest category does not mean 'risk free'.

The Fund is ranked in this risk and reward category because the Fund is invested in more than one asset class including equities.

The Fund is subject to risks which are not included in the calculation of the risk-reward indicator. An investor can lose all of their money. The Fund is exposed to the following risks:

Credit risk - A borrower or a counterparty may fail to repay or otherwise withstand contractual obligations to the Fund.

Liquidity risk - The Fund may not be able to deal quickly enough in its investments to prevent or minimise loss.

Counterparty risk - A counterparty may fail to repay or otherwise withstand contractual obligations to the Fund.

Operational risk - A failure of systems and or personnel may result in losses.

Interest risk - Movements in interest rates could cause the value of the Fund to fall.

Currency risk - Returns from overseas securities can also be subject to fluctuations in exchange rates. The Fund does not attempt to hedge currency risk.

Derivative risk - Derivatives may result in gains or losses that are greater than the amount originally invested. The Fund normally limits its use of derivatives to convertibles and warrants.

The Fund has a large exposure to bonds issued by The United States of America.

There is no guaranteed returns or protection for investors.
